

ULS Ultrasonic Cleaner B-429
Semi-Auto Ultrasonic Equipment

UCC

- ◆ Ultrasonic system.
- ◆ Cleaning for all types fixtures/Jigs/Pallets/PM Parts condensation traps & cooling fins.
- ◆ Full stainless steel body which withstand wear & tear corrosion resistance and conformed to environmental friendly standard.
- ◆ 40KHz supply generator stability & reliability in panel control.

Process

Specification

| | | | |
|-----------------------------|--|----------------------------|----------------------|
| Machine Dimension | 1620mm(L) X 760mm(W) X 857mm(H) | | |
| Cleaning Tank | 800mm(L) X 600mm(W) X 550mm(H) 264 Liter | | |
| Rinsing Tank | 500mm(L) X 600mm(W) X 550mm(H) 165 Liter | | |
| Cleaning Type | Ultrasonic System | Cleaning Time | 10~ Min to 60~ Min |
| Rinsing Type | Air Bubbling | Rinsing Time | 3~ Min to 5~ Min |
| Cleaning Temperature | Up to 100'c | Rinsing Temperature | Up to 100'c |
| Air | 0.8 MPA | Product Load | 150 KG |
| Weight | 250 KG | Voltage/Power | 3 Phase AC380 / 15KW |
| Exhaust | φ 150*120mm(H) | Machine P/N | ULS B-429 |
